

Ceramic Glazing Techniques

Workshop with Philip Read

May 11th, 2019

10am – 3pm

Philip Read has an MFA in Studio Painting and Critical Theory. He has painted on ceramic porcelain for the past 20 years. Philip studied in Jingdezhen, China, the capital city for porcelain. He has published articles on ceramic painting, techniques and history. For more information check out his website at www.mountainpathstudio.com

Workshop participants will learn seven glazing techniques; four underglaze pigment techniques and three overglaze techniques. Learn the difference between each technique and resulting effects. Choice of the correct glazing technique is critical to the success of your ceramic work. Bisque and greenware have different surfaces, this workshop will show how the different glazing techniques will effect your final outcome of bisque and greenware. Choice of brush is an important tool, bring your brushes with you for discussion.

BRING ALONG:

Both bisque and greenware pieces. (White is preferable)
A glazed ceramic plate for mixing.

\$50 per person

Lunch will be included, space will be limited.
